WICHITA MARKETS.

The Receipts of Stock at the Wichits Union Stock Yards for the Past 48 Hours Were: 663 Cattle, 273 Hogs. Shipments: 513 Cattle, 81 Hogs.

The business of today shows plainly that things at the yards are on the pick up. It has been some time since there has been a Monday on which so much has been done. The cattle market was quite active and prices were steady to the close, although advices from eastern markets showed declines. The quality of the offer-ings was not so good as last week, which oably accounts for the sellers thinking he prices were lower.

The quotations nere presented are to give the hoper an idea of the general range of prices. The gardons classes and grades sell within the limits of hese quotations according to the quality of offering and the state of the daily markets. These qualifies are only changed when there has soon a summanch change in the general market. The systematic change in the general market. The systematic change in the general market.

A young man came to this city some time ago with no capital, but with an experienced and expert knack of getting rid of money.
